e-Gov & processes

– knowing it by heart

“More quality for less money to meet rising expectations of the citizens.”

Said Director Lars Frelle, The Danish Digital Taskforce, Copenhagen, June 2008.

“With the new Resultmaker system, the industry will breathe a sigh of administrative relief, as the processing time for reporting approvals is eliminated and, at the same time, work is rendered more effective, both in the industry and at the authorities”

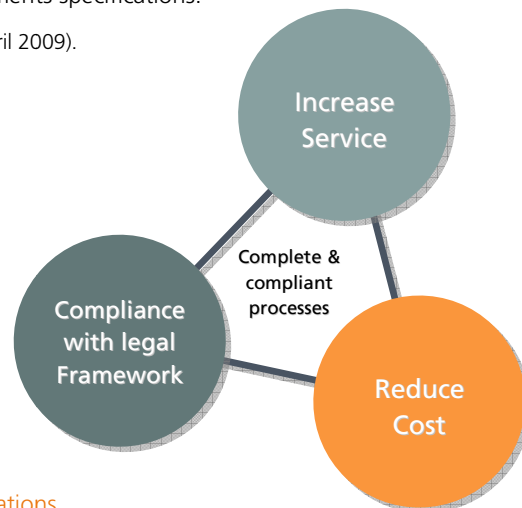

Carsten Falk Hansen, Director, The Danish Road Safety and Transport Agency (Copenhagen, February 2008).

“Resultmaker Process Platform is incredibly flexible and intuitive. The Platform enables us to quickly and easily enhance the capabilities of our integrated Public Safety Records Management offerings on Microsoft's CSP.”

Rick Campbell, Partner, Attevo (London, April 2009).

“Resultmaker Process Platform allows us to rapidly build prototypes of citizen facing solutions with the process owners - in a design phase it saves us and our customers a lot of energy in proof reading and interpreting requirements specifications.”

Rachel Pollock, Partner, Attevo (London, April 2009).
